[2021-05-12 21:31:23,057] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'Oakland'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,058] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token ', '. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,058] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'CA'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,059] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'protestors'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,059] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'are'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,060] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'n't'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,060] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'letting'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,061] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'down'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,061] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token '.'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,062] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'This'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,062] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'happened'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,063] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'today'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,063] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token '.'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,064] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'No'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,064] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'coverage'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,065] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'from'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,065] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'Media'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,066] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token '.'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,066] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token '#'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,066] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'BlackLivesMatter'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,067] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'https'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,068] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token '...'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,345] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'RT'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,346] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token '@baddify'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,346] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token ':'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.

[2021-05-12 21:31:23,347] [WARNING] [W108] The rule-based lemmatizer did not find POS annotation for the token 'SAY'. Check that your pipeline includes components that assign token.pos, typically 'tagger'+ 'attribute\_ruler' or 'morphologizer'.
